## Section II

We, the Seniors leave to the Faculty our thanks for the help they have rendered us in the past and will to them the following:

To Mr. Gotterman-the light switch in English class.

To Mrs. Wissinger-freedom from our worries and troubles.

To Mr. Hanson-the seventh grade of 1953-1954, and may he be glad that he didn't have the Seniors.

To Mrs. Fowey-the empty chairs in band and music.

To Mr. Reiss-the misfortune of not being able to have us for a class.

To Mrs. Kretzler-our Prom menu.

To Mr. Fuchs-our perfect attendance in Gym. Class.

To Mrs. Fox-the eighth grade of 1953-1954.

To Mrs. Zucker-an Ohio driving manual.

To Mr. Levin-a screwdriver to remove the heel-plates from his shoes.

During the eleventh year, December 18, 1952, we received our class rings which we prized very much. The Junior play "This Ghost Business" was presented April 10, 1953, under the direction of George McCoy. We will always remember our adventurous rehearsals and the joy we had presenting the play. After long planning and hard work, we honored the Class of 1953 with a "Coronation" Banquet held May 8, 1953, in the School Dining Room. We all agree that it was a success.

Our big and last year has come. Starting out, it was a full year ahead. It has been hard work, but good times. First we had our class pictures taken at Listz Studio in Kenton, Ohio. On December 3, of the same year, we presented the Senior play "Taming the Brat" under the direction of our class sponsor, Mrs. Wissinger. After long hard practices and fun we had presenting the play, we were sorry to realize our play was over. Most of the members in our class took part in the operetta, "Purple Towers" under the direction of Mrs. Tovey. It was presented December 16, 1953, and was the first one presented here for a number of years and we were glad that we could participate in it.

Eight of our class took part in the District Senior Scholarship Test held in Kenton, Ohio, January 16, 1954.

Since the history must be off the press before our year is completed, I must proceed blindly in what may take place. Several of the Seniors were given parts in the Speech Class play "Jo's Boys" under the direction of Mrs. Wissinger. The date of the play is set for March 12, 1954.

It is customary for the Junior class to entertain the Seniors each spring and we are looking forward to this event with keen anticipation and pleasure.

The Baccalaureate Service and Commencement are scheduled for May 23, 1954. This will climax our school career and we approach it with joy in achievement but, also a tinge of regret that these associations formed in our lives are to be broken. That night as we receive our diplomas we shall be wondering what the world holds for us in the future.

We are very proud of our class. We feel that we have contributed something to each phase of school life—to scholarship, to athletics, and to school leadership.

We shall always be able to look back with happy memories to these years in school and shall always feel that even though our class was small, we left a record that can serve as a challenge to future classes of Alger High School.

Your classmate,

*M. L. B. B. B.*

Scene: The Ship Beauty Shoppe in Alger.

Time: About 10:00 one morning in May of 1964.

Goodbye, Mrs. Van Dyke. What a gab! Let's see, I'll just have time to catch "The Parade" over IIA - TV. One of my former classmates, Faye Lou Beard, is there taking over the place of Easter Straker. Faye is carrying on Easter's work very well. I'm not surprised that she holds this position when I remember that she never ran down. She is now married to Merrill Wireman, who is the engineer that has taken over the place of Cliff Willis.

Her program is sponsored by the Alger IGA Market. Paul Puckett is now the owner of this giant super-market. He is making a large profit from the parking meters that he has installed in front of the store as a convenience to his customers. Paul finally married Dixie Neeley, the little girl he used to get all those love letters from that were postmarked Cliff, Kentucky.

I was just thinking about my high school daze the other day when Patty Thompson drove up in her '64 snow-white Cadillac. She finally got it after all her wishing. What's more, she even has a chauffeur to go with it. She is married to a millionaire from Boston. The name of Pat Hoo-Dinkey is becoming quite popular in Boston social life.

Patty was able to tell me quite a few things about the rest of our classmates. Among them were these:

Leslie Griffin is now married to Carol Woods. They own a large dairy farm in North Dakota. His motto is "Our whipped cream can't be beat!" They have two little girls.

Junior Hicks is a lawyer out in Los Angeles. Can you imagine that after all the ways in which he disagreed with all our class projects? He married "Miss Tulip Bowl" of 1960.

Golda Keith is now teaching school in the only school in Death Valley, California. She is married to U. R. Done, who is the undertaker in Death Valley. They have two little boys.

Loren and Donna Guyton are living on Vanderbilt Drive in Detroit. Loren owns the largest used car lot in the "Motor City". His motto is "We sell second-hand cars to 'Romeo's' who drive with one hand, so they can keep two hands on the wheel". The Guytons have two boys and a girl.

The quiet little redhead of our class has dyed her hair black because he didn't like the veterans at the "Nearly Home" veterans hospital, to call her Red Ziegler. I guess Laverne isn't nearly as shy as she was in high school.

Mary Lou Spencer is in the nursing profession, too. She is the supervisor of nurses at 'Come Right Inn', the clinic in Alger that is leading the nation in polio inoculation.

Myrtle Cramer and Gene Beard have been married since 1958. Both have given up teaching as they are now growing wheat, corn and little Beards, on their farm south of Alger.

That is about the extent of information I received from Patty. But I'll tell you about the rest of our classmates.

Danny Preston is still out on the farm. Gloria Miller is his wife. They are quite popular in Alger now since they put some extra land into a big pond which is used by the high school kids for swimming in the summer and ice skating in winter. By the way, Dan and Gloria have 1 boy and 1 girl.

Dorothy Mann and her husband own a super-drug-store across from the IGA store in Alger. I usually eat my lunch in Dots Drug Store. Dot is the mom of 2 curly-headed girls.

Dorothy's drug store and my beauty shop are in the same building. It was designed by Ernie Risner and engineered by Jim Cramer, who were classmates of Dorothy and mine.

Besides designing building, Ernie Risner is the author of a comic strip which appears daily in the Alger Gazette. The comic strip is "Girls". Ernie has married one of the models that appeared in "Girls".

Jim Cramer is also running for the Ohio (democrat) Senatorship. He is still a bachelor, but from the social columns of Washington D. C. it looks as if he won't be one for long. There is always gossip about Jim and a debutante.

Sue Ramsdell appeared last week on the cover of "Eighteen" magazine. She was advertising for "Proxy", a bleach for blondes that was named after her. She is a famous model now. And she married a guy named Tom, as you may have guessed.

Well, I guess that's about all except for the two of my classmates who are appearing tonight on TV. They are Ottis Newland and Coralie Miller.

Ottis Newland has taken the name of "Hillbilly Hiram", since he has become the 'Sensation of the Nation' after his show was the first to be broadcasted on coast-to-coast color TV. Tonight his guest star is to be Coralie Miller, who is also in the field of hillbilly singing. She has been married for two years.

And me, well, I guess that you know that I have a beauty shop here in Alger. Dick and I have been married since 1955. We have two boys and one girl.

So with this, I will close the prophecy of the class of 1954 and hope that all of the good in it comes true.

*Camille Cramer*

## GRUMBLER "54"

Pardon me, but I've just got to tell you about some of my cat peeves! They've been building up all year and I have to tell somebody about them!

It's a wonder I'm still alive after all those peaches and beef they gave us this year in the cafeteria! Speaking of the cafeteria, why don't they keep it open so we can get a sandwich between classes. We could do more work if we weren't half starved.

Why don't they start a driving course for students which has special emphasis on how to park? By the way, some of the women teachers should be required to enroll.

Mr. Fuchs, maybe we'd come to gym classes once in a while if you'd turn on some heat in the gym.

Mr. Cotterman, why won't you let us have another "skip day"? After all we got three per cent taken off our grades for the last one.

No wonder we never have our work done! We don't have any pencil sharpeners. Anybody knows that if we don't have pencil sharpeners we can't sharpen our pencils, and if we can't sharpen our pencils we can't do our work.

Mrs. Zucker were all those current events tests really necessary? No wonder we couldn't stay awake in Problems Class; we had to stay up all night memorizing the book in order to pass your tests.

Why don't we have longer noon hours? We never have time to do anything but eat and go right back to class. After all there are a lot of other things that we could do!!

Mrs. Zucker, what happened to all the magazines in study hall? No wonder we're always flying airplanes, playing with squirt guns, or shooting paper wads, we have to do something to keep from going to sleep.

Boy, those seventh graders are the most impolite bunch of kids I've ever seen, they knock you down, then tell you to get out of their way. I sure wish someone would tell them and Mrs. Zucker which stairs to use!

Mrs. Fox, I don't see why you get so mad at the boys in study hall. They never do anything that they shouldn't. And why won't you let us talk to each other? We've had to work out a sign language to get messages to each other.

Mr. Hanson, do you just have to make those chemistry tests so long and difficult?

Mr. Levin, we could concentrate better in Bookkeeping class if the zinnias in your tie weren't so loud, and you wouldn't have to growl at us all of the time if you'd tell Mr. Lawrence to turn on some heat in the typing room. You know we can't type if our hands are frozen!

Mr. Austin, we do wish you would sweep the auditorium once in a blue moon! In band when we start to play "Appalachian Suite" (which is a song about mountains) you'd think we were playing "The Sahara Desert Sernade" the way the dust flies.

Why doesn't someone donate some money so we can get a new hectograph machine? It gets awfully tiresome running all of those papers through by hand!

Mr. Cotterman, you could at least tell us when we're going to have an English test! And why can't we stick to one subject for awhile? We get rather mixed up by having English one day and literature the next.

Why don't they install escalators around here? We get so tired walking up and down all those stairs!

Mrs. Kritzler, why do you make all those boring speeches to the girls in Home Ec? You know that they'd rather do the talking.

Mr. Reiss, why are you so mean to Mabel L. when she comes over to the shop to see Pete, Jerry, Philip, and Lebern? I'll bet you're just mad because she doesn't come to see you!

Mr. Levin is sitting here growling at me so I will have to close. I guess that in spite of all these things, our school isn't so bad and the teachers are all right. We just like to "sound off" occasionally. We shall always be loyal to Alger School.

Jim C. "Do you know what it is to go before an audience?"  
Ernie R. "No. I spoke before an audience once, but most of it went before I did."

Mrs. Hopkins "Hi; and did you stop at any fancy hotels while you were abroad last summer?"

Mr. Cotterman "Yes, indeed. At one swank hostery my room had three water pipes. One cold, one hot, and one to pound on when the other two didn't work!"

Judge "You say you are not a thief, but you admit taking towels from this hotel."

Delano McG. "Well, your honor, it was only because I needed something to wrap the silverware in."

Danny P. (To Mrs. Fox) "Gosh, what a break, Mr. Cotterman just offered me an interest in the school."

Mrs. Fox "He did."

Dan "He sure did he said if I didn't take an interest in the school that I would be here for a long time."

Loren G. "I see where they put 5,000 new words in the dictionary."

Father "Well for goodness sake don't tell your mother."

Paul P. "I don't think I deserve a zero."

Mrs. Missinger "I don't either. But it's the lowest mark I'm allowed to give."

Sue R. "Doctor, after my broken finger heals will I be able to play the piano?"

Doc. "Yes, I think so."

Sue "That's funny, I couldn't play it before."

Junior H. "So you went to class this morning?"

Pete S. "What makes you think so?"

Jr. "Your clothes look like they've been slept in."

SHE WAS ONLY:

a taxi driver's daughter, but you auto meter.

a plumber's daughter, but she had good connections.

a milkman's daughter, but she was the cream of the crop.

a surgeon's daughter, but oh, what a cut-up.

a blacksmith's daughter, but she knew how to forge a head.

a carpenter's daughter, but she nailed her man.

Linda H. "What are the chances of my recovering doctor?  
Doctor Well, one hundred per cent."

Linda "Good."

Doctor "Medical records show that nine out of ten die of the  
disease you have, yours is the tenth case I have treated  
Statistics are statistics."

Students Prayer:

Onward, move onward,  
O time in thy flight,  
Make the bell ring  
Before I recite

Loren G. "Hey, Dad, I'm home from school again.

Father "What in the world did you do this time?"

Loren "Graduated."

Danny P. "Are you the girl who took my order?"

Waitress "Yes, sir."

Danny "Well, I'll be darned. You don't look a day older."

La Verne Z. "Why does a clock run?"

Mr. Fuchs "I don't know."

La Verne "You would too if you had ticks."

EVOLUTION:

Freshman "I don't know."

Sophomore "I am not prepared."

Junior "I do not remember."

Senior "I don't believe I can add anything to what has  
been said."

Faye Lou B. "I've changed my mind."

Jimmy C. "Does it work any better than the old one?"

Dorothy M. "Which would you desire most in a husband - brains  
wealth, or appearance?"

Coralie M. "Appearance, and the sooner the better."

Sue R. "Can I see the doctor?"

Nurse "Which doctor?"

Sue "Do you think I'm a heathen?"

Paul P. "Shoe shine, mister?"

Junior H. "No."

Paul "I can shine 'em so you can see your face in 'em."

Junior "I said NO!"

Paul "Coward."

Leslie G. "That's a nice suit you're wearing, I wonder if the  
style will ever come back?"

Danny P. "My girl says she is going to leave me if I don't  
quit running around."

Ottis N. "That's too bad."

Dan "Yeah, I'll miss her."
